

This Week at Snappy

Estimates · Flip Credits (\$25) · IAQ install lab · Item of the Week

FLIP CREDIT
\$25
per properly-built flip lead

ITEM OF THE WEEK
Picked by last week's leaderboard winner
Mon–Fri most sold wins

FIELD LAB
IAQ install at the shop
Chris leads · pass-off = IAQ tag

Every call, every time:

- ☐ Pictures (before / during / after + unit tag)
- ☐ Snappy sticker on equipment
- ☐ Inspection sheet — signed by homeowner
- ☐ Estimate built in ServiceTitan
- ☐ Summary if no estimate (found / recommended / risk)

4 Estimate Tiers — build all that apply

#	TIER	WHAT TO SAY
1	Repair	"What it costs to make it run today — no more, no less."
2	Repair + Enhance	"While we're in here, here's what we should handle now."
3	Big Boy	"If this were my house, here's what I'd do once and never touch again."
4	Flip	"Doesn't make sense to pour money in. Free consult Friday."

\$25 Flip Credit — all 5 required, no exceptions

- ☐ **Inspection sheet** All sections complete + homeowner signature. No signature = no credit.
- ☐ **Estimate built** All 4 tiers in ServiceTitan when applicable. Walked through in person — not just emailed.
- ☐ **Pictures** Failing system, model/serial tag, indoor coil, safety concerns. Reviewed on-site with homeowner.
- ☐ **Dollar talk** Say the \$ number out loud where repair stops being worth it. This is the move — not an upsell.
- ☐ **Booked + emailed** Comfort Consult on the calendar before you leave + confirmation email same day.

Daily huddle — 10 min
Show up sharp. Numbers ready.

IAQ Install Lab
Chris leads at the shop

- Proper mount vs. airflow
- Low-voltage wiring
- Sealing + drain
- Customer explanation

Pass-off: 1 full solo install w/ Chris signing off → earns IAQ tag.

Item of the Week
Mon – Fri sales sprint

Last week's leaderboard winner picks the item. Could be:

- a specific repair or option
- memberships sold
- 5★ reviews collected

Winner announced Wed 5/20 → picks next week's.

Coaching line: "Talk about the dollar amount it takes to justify a proper flip." Every tech, on every call where it applies, should be able to say out loud the number that turns repair into replacement.
