DRIVER

Bottom line, fast.

"Three options. Option 1 fixes it today. Option 2 adds 10-yr warranty. Option 3 cuts your bill in half. Which one?"

INFLUENCER

Picture it. Make it fun.

"Picture next summer — AC blasting, family over, you don't even think about it. Which one feels right?"

STABLE

Slow down. Reassure.

"Big call. Other families on your street picked this one — I can share names. Take the time you need."

COMPLIANT

Bring the data.

"Spec sheet — SEER2, warranty, savings math. Take it home, verify, let's reconnect Thursday."
